

Your Wedding...

... Your Photographs

It's your wedding, and you want everything to be perfect; and when it's over, to cherish those special moments in timeless images.

Capturing the best images means being comfortable with your photographer, and enjoying the process of creating photographs that you will treasure.

So that you are sure you will be comfortable with me as your photographer, I offer a free engagement session. If, after we have spent an evening shooting your engagement photos, you choose not to book your wedding with me, the images are still yours – free of charge

Call us at 519-575-3282 or e-mail gary@garyslens.ca

I welcome any questions or feedback you might have and would be happy to tailor your package to meet your individual needs. You can mix and match any of the items on the list below, and if you have your own ideas for your photography package, just let me know! I would be happy to accommodate. After all, it's your wedding... and your photographs.
